

CSBI & OAR PRESENTS

ASM 2026: SUPPLEMENTAL BREAST SCREENING SUMMIT

The Supplemental Screening Summit equips radiologists with the practical knowledge needed to confidently integrate supplemental breast screening into clinical practice. With growing demand and evolving technologies such as MRI, contrast-enhanced mammography (CEM), and ultrasound, participants will gain clarity on appropriate modality selection, risk-based screening, and standardized interpretation aligned with current Canadian recommendations. Through a concise, case-based approach, this session aims to enhance diagnostic accuracy, reduce variability in practice, and support high-quality patient care.

SATURDAY JUNE 13, 2026 | 10:30 AM - 4:30 PM

Master supplemental breast imaging with MRI, CEM, and ultrasound, to improve early cancer detection and confidently deliver personalized, risk-based screening in today's evolving clinical landscape.

- ✓ Compare the indications, strengths, and limitations of MRI, CEM, and ultrasound in supplemental breast screening
- ✓ Apply risk stratification principles to guide appropriate patient selection for supplemental screening
- ✓ Interpret findings across supplemental screening modalities using standardized approaches
- ✓ Examine current Canadian recommendations
- ✓ Identify practical strategies for implementing supplemental screening in Canadian practice settings

COST

CSBI & OAR Members: \$175.00

Non-OAR Member: \$250.00

Radiology Residents/Fellows: FREE

Other Related Specialties: \$250.00

Can't watch it live? Don't worry. This event will be recorded and available on-demand to those who are registered approximately 3-5 business days after the course.

TARGET AUDIENCE

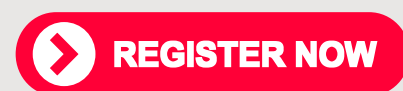

Radiologists, Diagnostic Imaging Residents and Fellows, Family Physicians, Oncologists, Medical Radiation Technologists, Diagnostic Medical Sonographers and Nurse Practitioners, and General Surgeons.

FACULTY

SCHEDULE

- 10:30 AM - 10:40 AM - **Land Acknowledgment & Welcome and Introductions** | Dr. Supriya Kulkarni
- 10:40 AM - 11:10 AM - **The BRAID trial and comparison with studies of supplemental imaging** | Dr. Fiona Gilbert
- 11:10 AM - 11:40 AM - **Personalized and Risk Based Breast Cancer Screening Strategies** | Dr. Jean Seely
- 11:40 AM - 12:10 PM - **Gradualism: How Supplemental Breast Cancer Screening Will Become a Reality** | Dr. Thomas Helbich
- 12:10 PM - 12:40 PM - **Can AI improve selection of women for supplemental imaging?** | Dr. Fiona Gilbert
- 12:40 PM - 1:00 PM - **Panel discussion & Q&A** | Drs. Gilbert, Seely, Helbich
- 1:00 PM - 1:25 PM - **Break & Sponsor Presentations**
- 1:25 PM - 1:50 PM - **Supplemental Screening & MRI** | Dr. Ritse Mann
- 1:50 PM - 2:15 PM - **Supplemental Screening & CEM** | Dr. Anat Kornecki
- 2:15 PM - 2:40 PM - **Supplemental Screening in Pregnancy and Lactation** | Dr. Supriya Kulkarni
- 2:40 PM - 2:50 PM - **Break & Sponsor Presentations**
- 2:50 PM - 3:15 PM - **Supplemental Screening & Ultrasound** | Dr. Wade Koberstein
- 3:15 PM - 3:40 PM - **Technologist Perspective on the Screening Program** | Ms. Natalie Edwards
- 3:40 PM - 3:50 PM - **Supplemental Screening Position Statement** | Dr. Zina Kellow
- 3:50 PM - 4:30 PM - **Panel discussion & Q&A** | Drs. Koberstein, Kornecki, Seely
